# MAXXI BOOSTER 4

Industrial hot water stationary pressure washer

- **High Quality Cleaning**  
High temperature and high water flow suitable for the removal of traffic films, oils, grease and pollution, Plus the unit has storage space for 25 litre chemical drum.
- **Powder Coated Lockable Cabinet**  
All components are located inside the cabinet. The cabinet is designed to allow forklift truck access underneath.
- **Frost Protection**  
Internal frost protection prevents the unit from freezing in cold weather making the unit suitable for outdoor use.
- **SilentPower**  
1450 rpm, 4-pole motors deliver dramatic reductions in sound level compared to 2-pole motors. They also extend the life time of the pump.
- **EcoPower Boiler**  
The EcoPower design reduces fuel consumption by more than 6% compared with current, conventional technology! Lower fuel consumption benefits the environment and running costs
- **ERGO System**  
Offers maximum ease of use on spray guns, lances, nozzles and couplings. The comfort will considerably reduce the user's level during operation.
